The seminar aims to stimulate the process safety culture by networking and sharing of information. It is organised for the technical safety specialists and managers of companies that deal with processes that involve hazardous chemicals or energy.

## Key Note Lectures

**Rick Engler** is Board member of the Chemical Safety Board, the worlds leading institute that promotes learning from catastrophic incidents in the chemical industry.

**Hans Schwarz** is VP Process Safety for BASF, worlds largest chemical company, for which he led technology teams and was involved in the design of a TDI plant.

**Jakob van der Wal** was HSE manager for NAM gas exploration and involved in the investigation of the Warffum gas explosion.

---
