Organized by

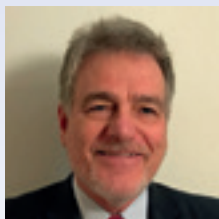

The seminar improves the process safety culture by networking and sharing of information. It is organised for the technical safety specialists and managers of companies that deal with hazardous chemical processes.

Key Note Lectures

Nicole Kroon is director of the Dutch Major Hazards Control. Hear her vision on how the authorities can help to improve industrial safety.

Jim Conner is an extraordinary process safety expert providing training for the CCPS: listen to his amazing experiences.

Vanessa Allen Sutherland is a board member of the Chemical Safety Board, worlds leading institute for learning from incidents: experience this world class speaker.

Gus Carroll is process safety & technology director for Centrica, and holds a board position at the European Process Safety Centre: feel his leadership.
